Carver Center hires chief program officer

Wednesday, August 3, 2022 10:41 PM

Port Chester's Carver Center has hired Daniel Bonnet as chief program officer. Daniel joins Carver with extensive experience in the areas of workforce development, working with at-risk and underserved youth.

Bonnet's background includes managing a variety of large-scale programs. He has researched and developed grants that have enhanced the quality of programs that support youth for success in education. He most recently served as the regional director of Community Action Centers and employment & training for Westchester Community Opportunity Program (WestCOP). Prior to that, he was the director of the New Rochelle Community Action Partnership and served as deputy executive director of The Guidance Center of Westchester in Mount Vernon.

As chief program officer, Bonnet will ensure that Carver Center's programs meet the evolving needs of the Port Chester community and fulfill the organization's mission and vision. He will lead program directors and managers who run Carver Center's year-round programs.

Daniel Bonnet

"Daniel has true passion for the work we do and the experience to make our programs even stronger than they are already," said Anne Bradner, Carver Center's CEO. "In this critical role on the Carver team, we are excited about him bringing his forward-thinking leadership to Carver."
